### United Way of Howard County 2-1-1 Highlights from 2008:

- **Economic Crisis can be summed up as *More Needs and Fewer Resources*:** Our 2-1-1 continues to serve more people whose hours were cut or positions were eliminated. The community organizations to which we refer have reduced their hours of availability or cut their services, leaving people in need fewer options for help.
- **Housing and Utility Needs soar:** Requests for help with mortgage, rent and utility assistance comprise 30% of the total request in 2008, illustrating the impact of job losses and the economic downturn.
- **Services to the Newly Unemployed:** Many factory workers whose plants were closed had been donors. Now they are seeking services. Often, these callers are asking for help with basic needs, but do not necessarily qualify for services. Calls from the newly unemployed take longer, are more complex and have no easy referrals, as they are barely over income guidelines for eligibility with many programs.
- **Case management for Howard County residents:** In 2008, area churches provided \$31,880 through our 2-1-1 to help in meeting **some** requests for utility deposits, rent deposits, prescriptions, and utility payments.
- **Partnerships:** We provide support to non-profits, churches, local businesses, students and professionals to increase the capacity of people to care for one another. Partnerships include Ministerial Utility and Fuel Fund, Letter Carrier Food Drive, Shiloh Pharmacy Fund, Dentist Delivering Smiles, AARP Tax-Aide, Community Foundation Medical Assistance Fund, Gap Tracking and Food Pantry Network.

Dial 2-1-1 for access to information and referral for health and human services, including information and referral to food pantries, emergency shelters, affordable child care, medical and health assistance, employment assistance, transportation, rent/mortgage & utility payment assistance, help during times of disasters and other services.

2-1-1 information and referral is free, confidential and available 24 hours a day.
